At FC Financial, we have an ongoing stock competition! The competition is open to clients as well as anyone else interested. It is a monthly competition where participants choose one stock each month, and the top performer will receive a prize. Standings will be updated weekly through email, and posted daily to our website. Each participant will be assigned a number each month, which will be used in place of their names on the leaderboard to keep it anonymous. If you miss a month, don't worry, as anyone is welcome to join at any time. Make sure to get your pick in on time!

Rules:

1. Participants are only allowed one entry per month.
2. Stocks only! They must have a starting price at the beginning of the month of at least \$5.
3. In the event of a tie, a playoff will ensure, which will be a carry-over to the next month for the participants who tied for 1st. This will be the case if two or more people pick the same stock, or in the unlikely even that the % returns are identical.
4. Submissions must be received by the final trading day of the month for the following month's competition.
5. The winner of each month's competition is decided by which stock has the greatest % increase.
6. Picks may be sent through online submission on our website email, text, or phone call.
7. A competitor may not win more than 3 times per calendar year.

Prizes valued at approximately \$25 per month
